“ *My dear sweet friend Joane. I met her when I worked at the Moore County Senior Center. This woman was such a big cut up. We spent alot of time laughing together. In spite of her handicaps she finished high school. She did have one date... No kissing though she told me. She was disappointed in that. LOL I teased about her being a party girl so I had to watch her carefully once her dad passed. Though it was difficult to understand her when she spoke she was determined to be heard. I created a board with most used words and the alphabet. She would get frustrated cause it was too slow. Yes she loved to play Rook and Rummicube. Several times I had the pleasure of taking her places. No matter our destination, our trip was not over till we went to DQ. Any time I was at the nursing home while she lived there I always found her for a big hug. I will miss that. I loved her very much. She was such a joy, I was proud to be her friend.*
