“ *Becky we were friends for so many years and then lost contact with you. Wish someone would of thought to come and tell me so I could of came to the funeral. To your family and friends: Whenever u see a bight shining star up in the sky, think of her and know she is letting u know she is in a happy place or a penny on the ground, it is said a penny found is the way of new "Angels" to let u know they r thinking of u! The little things that happen while u r home that u wouldn't think of being their way of "commutting" with u! try it it will give u some peace! I have had several incidents of my Dad and children this way.*
