“ I had the good fortune of working with Dr. Murrell when he was the Dean of Academic Affairs and a Professor of Biology at Martin Methodist College. Jim was among the group that met early in the morning in the Science Building. We enjoyed coffee and donuts while sharing humorous stories involving ourselves, family members, our dogs and friends. We continued to meet with the group one day a week after Jim, Ralph Johnson and I retired. Jim was an excellent teacher and a wonderful colleague and friend.

“ I very much appreciated being a colleague of Jim at Hiwassee College. He touched so many lives - students, parents, staff, and fellow professors.
