“Lori was always a presence in my life and especially so after my Mom died. She made me feel loved and cared for by taking me to spend time with her. We used to ride a horse through the Parkin orchard to collect fruit in the saddle bags. She taught me how to ride bare back on her horse, Ginger. I could go on and on about the all the adventures we shared together. Lori reached out to me throughout my life making me feel loved by her- she is very loved and will be forever missed by me.
