What a shame, I tried calling Leo today. Hadn't spoke with him in awhile. I googled him and it lead me here. I'm.... at least he's in a better place. Love him and miss him. I worked with Leo at the Post Office. Seems everyone is dying.

“ I started at the USPS on July 6, 1985 with Leo and close to 20 others. I was fortunate to be able to work with him for several years in Nashville as a clerk. In 1999 I transferred to Murfreesboro since that was home, and our kids were toddlers. It was a tough adjustment to "start over" as a carrier, and in a new office. I was so excited one day to hear that familiar voice and I ran over to hug him. It took me a minute to realize why other co workers were staring, but as they came to know him would have done the same. He was always smiling, dedicated to his job, devoted to his family, but most importantly a strong Christian of which there was no doubt. As the last of our group to still be working for Uncle Sam, I won't be able to attend the memorial, but I do know I'll have a chance to see my brother again. Tony King
