“ I will miss my big sister, I remember her taking me to church and I was the best dressed little girl. She made me feel very special. We were singing that day in church and she tapped me and said quit talking, and had to tell her I was singing. well needless to say to this day I still can't carry a tune. I hold her close to my heart and remember all those wonderful memories we shared. This is not good bye, it's just until we see each other again. I love ❤️ and miss you my big sister and friend.

“ I remember Ms. Lynn from Shoney’s. My wife and I thought she was the GOAT (Greatest Of All Time) as it relates to waitresses. Our deepest sympathies go out to the family. Timothy & Yolanda Wright.
