“ Just wanted add another short story , I'm sure I could think of hundreds, Uncle Lee loved sports one summer he showed me how to hit a baseball must of thrown me over hundred balls to me, I also enjoyed Lee and my dad talking about high school football he loved to talk about that ! Much like me and my friends do today. My cousin Aarron and I would test his patience from hanging out at the bait shop when we should be doing chores. Or ruining out gas on the 4th of July. And many other things. One of my favorite memories is just playing basketball after doing chores in our rubber boats we would do that for hours! 😊 lots of great memories. Always wish there was more time! Try to enjoy ever second ...
